The Board of Managers of the Parent Entity is responsible for the correctness of ledgers and the preparation and a fair presentation of this consolidated financial statement in compliance with International Reporting Standards as adopted by European Union and with other applicable regulations in force and preparation of the Report of the Group's activities. This responsibility covers: designing, implementing and maintaining internal control related to preparing and a reliable presentation of financial statements free from irregularities arising in consequence of purposeful actions or errors, the selection and the application of relevant accounting principles, as well as making accounting estimates respective to arising circumstances.

Responsibility of Chartered Auditor

Our responsibility, based on audit, is to express an opinion on these consolidated financial statements. We conducted our audit according to section 7 to Accounting Act dated 29 September 1994 (Official Journal of 2009, no 76 item 694 with amendments) ("the Accounting Act"), the ethical norms and regulations of chartered auditor's work issued by the National Board of Chartered Auditors in Poland and International Standards of Auditing. Those regulations impose upon us the obligation to act pursuant to the principles of ethics and plan and perform the audit in such a manner so as to obtain a reasonable assurance that the financial statements are free from material misstatement.

Audit consists of carrying out procedures aiming at obtaining audit evidence concerning the amounts and information disclosed in the financial statement. The selection of the audit procedures depends on our judgment, including assessment of the risk of material irregularity of financial statement, whether due to fraud or error. When performing the assessment of this risk, we take into account internal control related to preparation and reliable presentation of the financial statement in order to plan audit procedures adequate to the circumstances, rather than to express opinion on the effectiveness of internal control actions in the entity. The audit also covers the assessment of the relevance of the applied accounting principles, the justified character of estimates made by the Board of Managers and the assessment of the overall presentation of the financial statement.

We believe that the audit evidence obtained by us is sufficient and appropriate basis to express our opinion on the audit.

Opinion

In our opinion, the attached consolidated financial statement of Inter Cars S.A. Capital Group has been prepared and presents fairly the assets and financial position of the Group as at 31 December 2008, and its financial performance and cash flows for the financial year ending on that day. It has been prepared in all material aspects in respect to the International Financial Reporting Standards as adopted by the European Union, and it complies with legal regulations and provisions that apply to the consolidated financial statement, applicable to the Group.
